

Kamil was awarded the title of the finalist of the LI Olympiad in Polish Literature and Language!

We are happy to announce that Kamil Pawelec from class 3E was awarded the title of the finalist of the LI Olympiad in Polish Literature and Language. This year's preparations for the Olympics began in October. Since then, Kamil has gone through a very long and demanding path, during which he deepened his knowledge of the history and theory of literature. The final step to success was the final on April 15. It consisted in writing a thesis on one of the proposed topics. Participants had 5 hours to write it. The final result allowed our student to be among the best. Pursuant to the Act of December 14, 2016 Educational Law, Kamil is exempt from the Polish matriculation examination. Congratulations and we wish you continued success in learning!
